

PRODUCT DESCRIPTION

The latest in the growing line of Delta effects machines, the Rosco Delta Hazer represents a new approach to creating atmospheric effects. With a unique water-based fluid, a 1000 watt heat exchanger and a high quality blower, the Delta Hazer can quickly create enough haze for any size venue. By turning just one knob, the fan and pump speed are varied for optimum output and, even at high speeds, the machine will run continuously.

Using the award winning Delta Technology™, the Delta Hazer has a variety of features not seen in other machines including: on-board DMX, low fluid sensor and auto timers. More importantly, the Delta Hazer has a new continuous self cleaning feature that insures long life. Like the rest of the Delta line, the Delta Hazer is easy to service and holds a large 4-liter bottle.

SPECIFICATIONS

Dimensions:

17.75 in. (45.1 cm) (L) x 14 in. (35.5 cm) (W) x 12.25 in. (31.1 cm) (H).

Weight:

16 lb. (7.25 kg.)

Heater:

1000W

Power requirements:

120v, 60Hz, 10 amps

240v, 50Hz, 5 amps

Maximum fluid consumption:

1 liter/hour

Warm-up time:

2 minutes.

PRODUCT NUMBERS

200 39000 0120	Delta Hazer Base Unit 120v
200 39000 0240	Delta Hazer Base Unit 240v
200 13000 ADMX	Delta Analog/DMX Remote
200 13000 DDMX	Delta Digital/DMX Remote
200 13000 TIME	Delta Timed Remote
